TEXTBOOK OF Pediatric Otorhinolaryngology AND Head & Neck Surgery

Edited by Chris de Souza, M.S., DORL, DNB, FACS,
James Stankiewicz, M.D., F.A.C.S., and Phillip K. Pellitteri, D.O.

This brand new reference text has been developed specifically to meet the need for a comprehensive source of practical, clinically oriented information, on all aspects of pediatric otorhinolaryngology. With contributions from internationally acknowledged experts in their respective fields, *Textbook of Pediatric Otorhinolaryngology and Head & Neck Surgery* provides a vast array of proven in-depth clinical experience set against a backdrop of cutting edge techniques and treatment.

Divided conveniently into two volumes—**Volume I: Otolaryngology and Rhinology**, and **Volume II: Head and Neck**—and featuring superb illustrations, this monumental work will serve as an indispensable tool for every pediatric otorhinolaryngologist.

"Each author brings a special flavor to this well-organized book, both in presenting his or her unique experience and in challenging the reader to compare that experience with his own...The sharing of our clinical experiences is one of our primary responsibilities. This book gives superb evidence of the dedication and commitment to that high purpose."

— From Foreword by
Frank E. Lucente, M.D., FACS,
State University of New York
Health Science Center at Brooklyn

Special Features...

- ▶ **Comprehensive**— covers all aspects of pediatric otorhinolaryngology
- ▶ **Practical**—current issues and controversies are discussed with a clinical slant, theories are examined with a clinical perspective, all with the aim of promoting better treatment
- ▶ **Authoritative**—the viewpoints and best practices of uniquely qualified and experienced specialists, each an experienced author, from all around the world
- ▶ **Up-to-date**—all the current issues and controversies at the forefront of otorhinolaryngology are included
- ▶ **Well-illustrated**—superb illustrations and photographs appear throughout the text

VOLUME I CONTENTS

OTOLOGY AND RHINOLOGY

OTOLOGY SECTION

Otology of the Ear. Carlos Ruoh, MD, Ph.D., Assuncao O'Neill, MD, and Rui Penha, MD, Ph.D., New University of Lisbon, Portugal
Physiology of Hearing. Jose Luis Reis, MD, J.F. Madeira da Silva, MD, Ph.D., and Rui Penha, MD, Ph.D., New University of Lisbon, Portugal
Examination of the Ear, Nose, Throat, Head and Neck in Infants and Children. Anthony E. Magit, M.D., Children's Hospital, San Diego, California
Otalgia, Otorrhea, and Tinnitus in Children. Chris de Souza, MS, DORL, DNB, FACS
Infection and Inflammation of the External Ear Canal. David Malis, MD, Seth M. Pransky, MD, and Francisco Colon-Fontanez, MD
Audiologic Assessment and Rehabilitation in Children. Hortensia N. Guzman, BS, MA, Vitacura, Santiago, Chile
Surgery for Congenital Aural Atresia. Jeffrey P. Harris, MD, Ph.D., FACS, University of California, San Diego, California
Management of Sensorineural Hearing Loss in Children. Barry Strasnik, MD, and John T. Jacobsen, Ph.D., Eastern Virginia Medical School, Norfolk, Virginia
The Evaluation of Dizziness in Children. Matthew C. Patterson, MD, Barry P. Kimberly, MD, Ph.D. and Michael M. Paparella, MD
Otitis Media. Marcos V. Goycoolea, MD, MS, Ph.D., Clinica Las Condes, Santiago, Chile
Complications of Otitis Media in Children. Chris de Souza, MS, DORL, DNB, FACS, and Michael E. Glasscock III, MD, FACS, Vanderbilt University School of Medicine, Nashville, Tennessee
Cholesteatomas in Children. Chris de Souza, MS, DORL, DNB, FACS, and Gary Jackson, MD, FACS, The Otolaryngology Group, Nashville, Tennessee
Ventilation Tubes. Charles D. Bluestone, MD, Children's Hospital of Pittsburgh, Pennsylvania
Management of Chronic Suppurative Otitis Media for Noncholesteatomatous Disease in Children. Michael E. Glasscock III, MD, FACS, Vanderbilt University School of Medicine, Nashville, Tennessee, and Chris de Souza, MS, DORL, DNB, FACS, and Akira Ishiyama, MD, The Otolaryngology Group, Nashville, Tennessee
Auricular and Temporal Bone Trauma. Neil M. Sperling, MD, Steve Sabin, MD, State University of New York, Brooklyn, and Dennis In, MD, University of Pittsburgh School of Medicine, Pennsylvania
Management of Facial Nerve Paralysis in Children. Daniel L. Wohl, MD, FACS, FAAP, Virginia Commonwealth University, Richmond, and James R. Thomson
Otosclerosis and Congenital Ear Defects. Jean-Bernard Causse, MD, Robert Vincent, MD, J. Causse Clinic of Otolaryngology, Colubiers, France, and Geoffrey Vandevanter, MD, Montpellier, France

Pediatric Temporal Bone Imaging. Manu M. Shroff, MD, Girish Fatterpekar, DNB, Suhas Ghule, MD, and Prashant G. Shetty, MD, P.D. Hinduja National Hospital & Medical Research Centre, Mumbai, India
Cochlear Implants in Children. Donald D. Robertson, MD, FRCSC, McMaster University, Ontario, Canada, and Derald E. Brackmann, MD, FACS
Pediatric-adolescent Otologic Skull Base Surgery. T.E. Linder, MD, University Hospital Zurich, Switzerland, W. Garois, MD, Ear, Nose, & Throat Specialty Care, Minneapolis, Minnesota, M. Huxwiler, MS, University of Zurich Medical School, Switzerland, U. Fisch, MD, University Hospital Zurich, Switzerland
Otoplasty. Raymond J. Konior, M.D., Loyola University Medical Center, Maywood, Illinois, and Pradeep Keni, M.D.

RHINOLOGY SECTION

Embryology and Anatomy of the Nose and Paranasal Sinuses. Abhay M. Vaidya, MD, David N.F. Fairbanks, MD, George Washington University, D.C., and James A. Stankiewicz, M.D.
Imaging of Sino-Nasal and Inflammatory Disease. Behrooz Azar-Kia, MD, and Sandra Horowitz, M.D., Loyola University Medical Center, Maywood, Illinois
Pediatric Allergic Rhinitis. Bryan J. Kemker, MD, MMSc, and Robert M. Naclerio, M.D., The University of Chicago Hospitals, Illinois
Sinusitis and Complications of Sinusitis. Rande H. Lazar, MD, FICS, LeBonheur Children's Hospital, Memphis, Tennessee, Kevin D. Pereira, MD, MS(ORL), University of Texas-Houston Medical School, Houston, and Ranzi T. Younis, MD, FICS, LeBonheur Children's Medical Center, Memphis, Tennessee
Perspective on Pediatric Sinus Surgery. James A. Stankiewicz, M.D.
Congenital Malformations of the Nose and Paranasal Sinuses. Andrew Silva, MD, Washington University School of Medicine, St. Louis, Missouri, and James A. Stankiewicz, MD.
Sinonasal Manifestations of Systemic Disease. Thomas Garrity, MD, and Andrew J. Hotaling, MD, Loyola University Medical Center, Maywood, Illinois
Pediatric Epistaxis. Albert H. Park, MD, and James A. Stankiewicz, M.D.
Benign and Malignant Tumors of the Nose and Paranasal Sinuses. Mark S. Volk, MD, DMD, Tufts University School of Medicine, Boston, Massachusetts
Nasal Foreign Bodies. Anita King Boves, MD
Nasal and Sinus Trauma in Children. James A. Stankiewicz, MD.

ABOUT THE

Chris de Souza, M.D., FACS is Visiting Assistant to the State University of New York at Albany, Consultant Otolaryngologist at the Holy Family Hospital, Mumbai, India.
James Stankiewicz, M.D. Professor and Vice Chair of Otolaryngology-Head & Neck Surgery at Loyola University, in Chicago, Illinois.
Phillip K. Pellitteri, D.O. Chairman, Department of Otolaryngology at the University of Illinois, Chicago, Illinois.

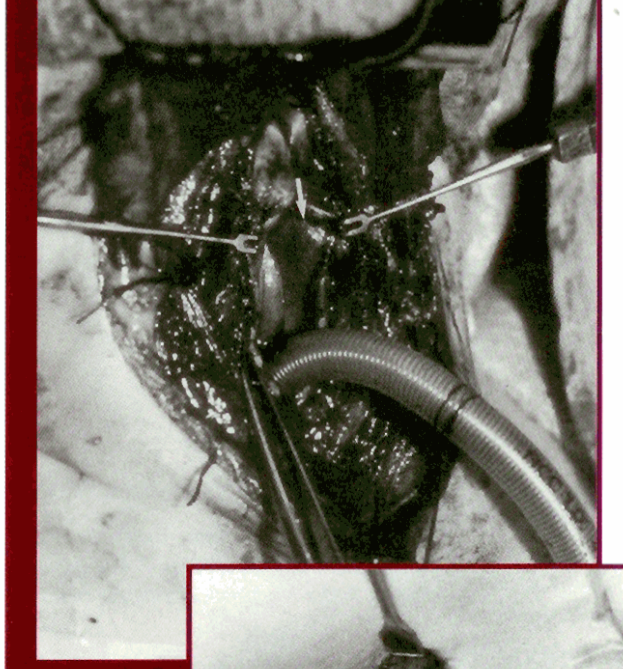

October 1998. 900 pages (est.) More than 300 illustrations. Two Volumes.
Hardcover. ISBN 1-56593-958-1 Book Code #1894.
Special Prepublication Price until December 31, 1998 . . . \$330.00 Price after January 1, 1999 . . . \$350.00

VOLUME II CONTENTS

HEAD AND NECK

Congenital and Developmental Airway Problems in Children. Williams S. Gibson, Jr., M.D., Geisinger Medical Center, Danville, Pennsylvania
Cleft Lip and Palate. Brad Millman, M.D., Geisinger Medical Center, Danville, Pennsylvania
Foreign Bodies of the Aerodigestive Tract in Children. Chris de Souza, MS, DORL, DNB, FACS, and S.P. Wagh, MS, DORL
Diseases of the Esophagus in Children. Philip Abraham, MD, FCPS, DNB, FICP, King Edward Memorial Hospital, Mumbai, India, Shobna J. Bhatia, MD, DNB(GE), TN Medical College, Mumbai, India, and Prashant V. Bhandarkar, MD, DNB, DM(Gastro), Seth G.S. Medical College and KEM Hospital, Mumbai, India
Congenital and Developmental Anomalies of the Neck. Edward Wood, M.D., Geisinger Medical Center, Danville, Pennsylvania
Infectious and Inflammatory Illness of the Oral Cavity and Pharynx. David H. Darrow, MD, DDS, Eastern Virginia Medical School, Norfolk
Infectious and Inflammatory Illness of the Larynx, Trachea, and Bronchi. David H. Darrow, MD, DDS, and Gregory C. Zwaack, MD, Eastern Virginia Medical School, Norfolk
Tracheotomy. Chris de Souza, MS, DORL, DNB, FACS, Fred Stucker, MD, FACS, and Cherie Ann Nathan, MD, Louisiana State University Medical Center, Shreveport, Louisiana
Infections of the Fascial Spaces of the Head and Neck and Cervical Adenopathy in Children. Robert F. Yellon, M.D., Children's Hospital of Pittsburgh, Pennsylvania
Incidence and Assessment. Phillip K. Pellitteri, D.O.
Neoplasms of Lymphatic and Hematopoietic Origin. Phillip K. Pellitteri, D.O.
Neoplasms of the Soft Tissue. Phillip K. Pellitteri, D.O., and Thomas L. Kennedy, MD, FACS, Penn State Geisinger, Danville, Pennsylvania
Neoplasms of Neural Origin. Thomas L. Kennedy, MD, FACS, Penn State Geisinger, Danville, Pennsylvania
Neoplasms of Epithelial Origin. Thomas L. Kennedy, MD, FACS, Penn State Geisinger, Danville, Pennsylvania, Phillip K. Pellitteri, D.O., and Brad Millman, M.D., Geisinger Medical Center, Danville, Pennsylvania
Neoplasms of Connective Tissue Origin. Thomas L. Kennedy, MD, FACS, Penn State Geisinger, Danville, Pennsylvania

Recurrent Respiratory Papillomatosis. Craig S. Derkay, MD., Eastern Virginia Medical School, Norfolk
Unusual Neoplasms. Phillip K. Pellitteri, D.O.
Pediatric Maxillofacial Trauma: Dental, Dentoalveolar, Mandibular and Le Fort I Type Injuries. Michael E. Lessin, BSD, DDS., Geisinger Medical Center, Danville, Pennsylvania
Pediatric Midface Fractures. Joseph G. DeSantis, MD, Geisinger Medical Center, Danville, Pennsylvania
Pediatric Facial Soft Tissue Trauma. Thomas J. Bitterly, MD, FACS, Geisinger Medical Center, Danville, Pennsylvania
Pediatric Laryngeal Trauma. Thomas L. Kennedy, MD, FACS, Penn State Geisinger, Danville, Pennsylvania
Neoplasms of the Larynx, Nose, and Throat Procedures. George Tenedios, MD, and Ian Schwartz, MD
